

ANGUS AUSTRALIA REGIONAL FORUMS - 2017

Angus Australia will once again be conducting a series of regional forums across Australia during October, 2017.

The regional forums are open to anyone with an interest in Angus cattle and are a great way to catch up with Angus Australia staff and fellow Angus beef producers.

The theme of the 2017 regional forums will be “**Angus Technology Now**” and will focus on updating our members on the latest developments and services offered by Angus Australia, showing how they can be applied to both the seedstock and the commercial sectors.

The regional forums will also give members an opportunity to provide feedback on what products and services will be of most benefit to their Angus enterprise in the future.

The regional forums will be delivered by Angus Australia’s Chief Executive Officer, Peter Parnell, Breed Development & Extension Manager, Andrew Byrne, and Angus BREEDPLAN Project Officer, Ashleigh Horne.

These regional forums are completely free of charge. With the exception of Albany (times overleaf), the forums will commence at 8.45am (tea and coffee from 8.30am) and conclude at approximately 12.45pm. While not essential, RSVP would be appreciated for catering purposes.

For further information visit www.angusaustralia.com.au

To RSVP contact:

Liz Roan, Education Officer

Ph: (02) 6773 4602

Email: education@angusaustralia.com.au
