

Angus ExportSELECT

The Angus ExportSELECT tool enables exporters or overseas importers of registered Australian Angus cattle to obtain details regarding the animals that they have purchased.

Specifically, exporters or overseas importers can cross check the information on an animal's export certificate with the information recorded on the Angus Australia database.

To access the suite of Angus SELECT tools, head to our website

OPEN TO ANY USER

There is no requirement to log in to Angus ExportSELECT. All users can search for one export animal at a time simply by entering the animal's Registration ID exactly as it appears on the Angus Australia issued Breeding Animal Certificate.

ONLINE ACCESS TO CATEGORY 1 AND 2 ANIMALS APPROVED FOR EXPORT

ACCESS TO COMPREHENSIVE INFORMATION ON EACH ANIMAL

- o Display of a range of identifications including Registration ID, Export Tag, Visual NLIS number and RFID
- o Display of Export Category, Date of Birth and Sex
- o Display of 3-generations of pedigree
