Single Sires: If the heifers are bred by a single sire please note its details in row 1 only.

Multiple Sires: If the heifers are bred from a multiple sire group please note the details of all sires. A maximum of 6 sires are allowed per sire group.

3. Confirmation and Signature of Breeder/Supplier:

By signing this form below you:

- Confirm that you have either bred or, in the case of purchased Angus heifers, can access the required breeding information for the export cattle undergoing export certification from the single sire or multiple sire groups listed in section 2.
- Confirm that all sires listed in section 2 were in your ownership/or the ownership of the original breeder at the time of joining to produce the export cattle, or were from AI or leased sires. (Note: Validation checks on sire ownership or leasing status will be undertaken by the Angus Society of Australia)
- Confirm that all sires comply with the Angus Society of Australia Export Standards (e.g. 3 generations of pedigree, registered in the Herd Book Register, Angus Performance Register or Red Angus Register).
- Request that, once ownership is validated, the sire(s) be transferred into your ownership on the Angus Society of Australia database if not already done. In the case of multiple sires groups, a group with a specific society ID will be created by the Angus Society of Australia and provided to the Exporter.
- Request that a single sires or multiple sire group be used to record the associated export heifers in the Angus Society of Australia certification purposes.
