Welcome to Moorooobie

The Ward family have been farming in the Goondiwindi district since 1902. Moorooobie is located 5kms south east of Goondiwindi adjoining the Macintyre River in Queensland and is a mixed irrigated farming and stud cattle business.

Lindsay and Helen Ward established Moorooobie Angus stud in 1995 driven by their passion to breed cattle to produce beef of the highest quality. We take sire selection very seriously and are meticulous in sire selection for every one of our 200+ registered cows. Progeny produced by Moorooobie Bulls consistently exceed the expectations of feedlotter, abattoirs and most importantly, consumers of high quality beef.

Our purpose is to produce bulls for you that offer breeding longevity through structural soundness and fertility as well as high quality beef, sought by consumers.

We have 12 Musgrave Big Sky bulls in the sale which we are thrilled with phenotypically. Angus Australia have him in the bottom 40% for IMF, while in the US his EPDs rank him in the top 2% for marbling which would make him in +3.5 IMF in Australia.

Sygden Black Pearl is also well represented and has proven to be a great calving ease sire like Big Sky, with real growth and carcass traits.

We are very excited to present 48 bulls for our inaugural on farm sale.

A BRIEF GUIDE TO ANGUS GROUP BREEDPLAN

Angus GROUP BREEDPLAN is an advanced genetic evaluation system that provides a genetic description of Angus cattle for a comprehensive range of traits influencing fertility, growth and carcase performance. It provides predictions of the genetic merit of individual animals called Estimated Breeding Values (EBVs). EBVs are based on all available pedigree and performance records provided by breeders in Australia and New Zealand, along with available overseas genetic information.

EBVs are expressed in the units of measurement for each particular trait, and are shown as +ive or -ive differences from the breed base. The average EBV for different traits changes over time as the breed makes genetic progress. The averages for calves born in 2016 are shown below. These averages provide a useful benchmark for comparison of EBVs for individual animals.

	AVERAGE EBVS AND \$INDEX VALUES OF 2016 BORN CALVES*

A BRIEF DESCRIPTION OF EBVs

Calving Ease DIR (%) - Estimates of the genetic differences between animals in the ability of their calves from two year old heifers to be delivered without assistance. (Higher positive values are more favourable.)

Calving Ease DTRS (%) - Estimates of the genetic differences between animals in the ability of their calves from two year old daughters to be delivered without assistance. (Higher positive values are more favourable.)

Gestation Length (days) - Estimates of genetic differences between animals in the number of days from the date of conception to the birth date.

Birth Wt (kgs) - Estimates of genetic differences in calf birth weight.

200 Day Wt (kgs) - Estimates of the genetic differences between animals in liveweight at 200 days of age.

400 Day Wt (kgs) - Estimates of the genetic differences between animals in liveweight at 400 days of age.

600 Day Wt (kgs) - Estimates of the genetic differences between animals in liveweight at 600 days of age.

Mature Cow Weight (kg) - Estimates of genetic differences between animals in cow weight at five years of age.

Milk (kg) - Estimates of the genetic differences between animals in milk production, expressed as variation in 200 day weight of daughters calves.

Scrotal Size (cm) - Estimates of the genetic difference between animals in scrotal circumference at 400 days of age.

3. The details of the purchaser, the purchase price and the lot sold as recorded by the Sale Clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;

6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions;

In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9. (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:

Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.
14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.
