

# ANGUS AUSTRALIA FOUNDATION SUPPORTING THE FUTURE

Supporting youth development, education and research to benefit the Australian beef industry

The Angus Foundation provides a mechanism for members and other beef industry stakeholders to support youth development, education and research programs conducted by Angus Australia.

These programs are designed to encourage and assist the involvement of young people in the Australian beef industry, to provide professional development opportunities for young beef breeders, and to assist in conducting research, development and educational programs for the benefit of Angus breeders and the wider Australian beef industry.

Thanks to the generosity of past and present Foundation sponsors, the following recipients have benefited from the Foundation in 2017:
