

# The Angus Foundation

Cheyne Twist, Communications Officer

**Thanks to the generosity of past and present Foundation sponsors, the Angus Foundations provides a mechanism for members and other beef industry stakeholders to support youth development, education and research program conducted by Angus Australia.**

Through the Angus Youth scholarships, awards and bursaries program, a number of Angus Australia members are provided the opportunity to expand their knowledge and professional development within the Australian beef industry and to assist in conducting research, development and educational programs for the benefit of Angus breeders and the beef industry.

2019 Total Beef Cattle Assessment Course Scholarship Recipient Tom Loane said the following on his time at the course, made possible by the Angus Foundation and its sponsors.

“Overall, the knowledge obtained, and networks made were invaluable for my career in the beef industry. My interest in selecting and assessing cattle has certainly grown and

I would like to thank Angus Australia for providing such a great learning opportunity.”

Without the support of members and others who give generously to the program the opportunities afforded to recipients would not be possible.
