

# Angus Member**SELECT**

The Angus MemberSELECT tool enables Angus breeders to search for and find Angus Australia members to source genetics that are best suited to their individual enterprises.

This modern, intuitive interface paired with simple search criteria such as a new map facility means that producers can effortlessly find and connect to Angus Australia members in their local region.

To access the suite of Angus SELECT tools, head to our website  
<https://www.angusaustralia.com.au/angus-tech/angus-select-tools/>

## BECOME A REGISTERED USER

While guests to MemberSELECT can search on herd ID, surname or stud prefix, a greater range of search criteria is available for registered users, who can find Angus members via additional attributes such as membership type, region, town, proximity, calving season, and herd size.

## ONLINE ACCESS TO FINANCIAL MEMBERS OF ANGUS AUSTRALIA

## ACCESS TO COMPREHENSIVE INFORMATION ON EACH MEMBER

- o Display of herd id, membership name, tattoo and prefix
- o Display of whether the member records data with BREEDPLAN
- o Display of normal turnoff, number of calves registered and description of the herd
- o Display of full contact details, including phone, email and social media if shared with Angus Australia
- o Display of member's location on an interactive map
