

SUBMITTING DNA FROM NEW ZEALAND

1. Ensure animals are registered with Angus Australia before sending samples

2. Submit a DNA Order request either online through Angus.TECH or complete a DNA order form found on our website. The DNA Order request must be submitted before sending physical samples. Email form to tammy.mcleod@angusaustralia.com.au

3. DNA Order Submission Report will be emailed from Angus Australia to the New Zealand member, this report needs to be sent with DNA samples to Breedsmart

4. Samples should be sent to Breedsmart by post. **Address: Breedsmart
PO Box 136, Temuka 7920**
