

Efficient Beef Updates 2023

At the UNE SMART Farms Tullimba Feedlot

You are invited to the UNE SMART Farms Tullimba Research Feedlot for an update on the latest collaborative research developments in efficient beef production.

Industry R&D project presentations on the latest genetics, methane mitigation and meat science research will be followed by the opportunity to view Angus Sire Benchmarking Program Cohort 12 steers, Southern Multibreed steers, and feed intake and methane data recording equipment.

Morning tea and lunch will be provided.

Where: Tullimba Research Feedlot,
Torryburn Rd, Kingstown, NSW

When: Wednesday 22 November, 10:30am - 3pm
