

Phoenix Park Angus - 536 O'Brien Road, Pine Grove, Via Lockington, Victoria

AN INTRODUCTION to Phoenix Park Angus

The Phoenix Park Angus stud was established in 2007 by Christian Hickey and is now located at Pine Grove, Northern Victoria.

Christian's passion for genetics, flair and astute judgement of cattle has established a career spanning over 30 years in the Artificial Breeding industry.

Christian is acknowledged throughout Australia and overseas as a leader in this field.

The herd was formed by securing selected females from Waitara, St Pauls (NSW), and Merridale (Vic). Further acquisitions were purchased from noted herd dispersals including Nooranda, Willalooka, Stoney Point (S.A.), and more recently, Anvil (Vic) and Premier (NSW).

Female and Sire selection is always based on structure and docility with pedigrees featuring sires that can be relied upon to transmit these same attributes.

Cows that have excelled in the herd are from the noted, Wilcoola, Ester, Yankee Queen, Everelda Entense, Usual, Vegas, Jets Pageant, Lowan, Larrietta, and Dream families.

AI, Embryo Transfer and Genomic Testing are utilised extensively at Phoenix Park. Sires that have impacted extremely positively in the herd have been the Papa Equator sons, Ardrossan Equator A241 and BT Equator 395M. Other sires of significance have been, HF Tiger, SAV Pioneer, Sitz New Design 458N and Sitz Upward. New Zealand sires, Highlander of Stern and Matauri Reality have also contributed tremendously.

Structure and Docility.**

Stoney Point Dream M387

Matauri Reality x R/M Ironstone x Vermilion Dateline 7078

Direct descendent of Vermont Dream Y301, undoubtedly one of the greatest cows Australia has produced.

Phoenix Park Pageant K329

Matauri Reality x Ardrossan Equator A241 x Bennett Performer

Traces back to St Pauls Jet's Pageant P14+94, dam of champions and prolific contributor to the Angus breed.

Phoenix Park Real Vegas N530

Matauri Reality x SAV Pioneer x MVF VRD Dateline 913P

The Vegas cow family, imported from USA, never misses when it comes to structure and docility.

Anvil Jemma H037

Hazeldean C110 x Sitz Tradition x Vermont Warrior W65

Personification of what we think a front line Angus cow should look like. Will be flushed in 2023

Phoenix Park 458N Wilcoola G202

Sitz New Design 458N x Springdale Herco x TC Stockman 2164

A 10th generation ET Donor cow. Her Grand dam dominated the Merridale bull sales during her breeding career.

Phoenix Park A241 Ester L391

Ardrossan Equator A241 x Highlander of Stern x SAV Front Runner

Powerhouse individual with a powerhouse pedigree. Donor cow at Phoenix Park.

We breed what you get paid for.
