ANGUS AUSTRALIA PROGRAM SCHEDULE

Keynote Speakers

Mr. John Eales AM

Mr. John Eales AM is an Australian former rugby union player and the most successful captain in the history of Australian rugby. In 1999, he became one of the first players to win multiple Rugby World Cups. He founded the Mettle Group and served on boards of prominent companies, establishing himself as a business leader. His entrepreneurial spirit and commitment to excellence have led him to become a respected figure in both sport and business arenas. An accomplished author, he has shared his leadership insights through books that inspire and guide future generations.

Simon Corah

Dr. Anneline Padayachee

Michael McQueen

Dr. Simon Quilty

Keynote Speakers

Simon Corah

Simon Corah is a highly regarded marketing strategist with extensive expertise in global consumer trends and brand positioning in the food industry. With decades of experience, he delivers engaging presentations that resonate with executives, leaders and sales teams, helping brands connect with consumers worldwide.

Dr. Anneline Padayachee

Dr. Anneline Padayachee is a respected nutritional food scientist, advocating for food security, accessibility and sustainability. With a PhD in nutritional food science, she integrates research, industry and consumer perspectives to improve health outcomes through practical applications. Anneline is a sought-after speaker and consultant in the food sector.

Michael McQueen

Michael McQueen is a strategic leader, bestselling author, award-winning speaker and visionary in the agricultural sector. Renowned for his forward-thinking approach, he prepares organisations for future challenges. Ranked #12 among the world's top futurists, he has advised brands like Google and Toyota, inspiring proactive change and innovation.

Dr. Simon Quilty

Dr. Simon Quilty is a leading meat and livestock analyst, specialising in meat trading, processing and risk management, with over 30 years in the industry. A Churchill Fellow, he founded Global AgriTrends Downunder, advises on market dynamics, develops risk management tools and explores global methane reduction initiatives for sustainable livestock production.
