

Better bull buying

Better bulls. Bigger profits.

Join us and Jake Phillips from Angus Australia for a workshop designed to help you make smarter, more profitable bull selections.

You'll learn to:

- interpret Estimated Breeding Values (EBVs) to select bulls that deliver long term genetic gains
- learn how to structurally assess bulls and combine your knowledge with EBVs to select a bull to suit your herd's needs
- set breeding objectives aligned with market and farm goals
- use Angus.Tech and SaleSELECT tools effectively.

Turn smart genetic decisions into better business.

Places are limited. Bookings are essential.

When and Where

Thursday 18 September 2025

9:00 am – 4:30 pm

'Lawn Hill', 479 O'Briens Creek Road,
